REV. H. B. GIBBONS MAKES BRIEF VISIT TO DAYTONA FRIDAY

DISTINGUISHED CLERGYMAN ON HIS RETURN FROM ATTENDING CONSECRATION OF BISHOP OF CUBA.

Among the distinguished visitors in Daytona yesterday was the Reverend Howard B. Gibbons, of Havana, Cuba, at one time pastor of the First Baptist church of this city. Mr. Gibbons was on his return from New York, where he had been to attend the consecration of the Right Reverend H. R. Hulsey, as Episcopal bishop of Cuba.

Mr. Gibbons is now director and treasurer of the Cathedral schools of Havana, a position that carries with it both honor and emolument.

In speaking of the wonderful change in Daytona since his departure a few years ago Mr. Gibbons said that he could hardly realize it to be the same city, so great and numerous had been the improvements. He especially spoke of the Esplanade Burgoyne, the concrete bridge and the street railway as among the more noticeable of the improvements, but the great number of new bungalows and commo-

BAD PIECE OF ROAD BELOW NEW SMYRNA—ST. JOHNS COMMISSIONER SAUCY—FARMERS' INSTITUTE NEXT MONTH.

Seven members of the Daytona board of trade were present when the president called that body to order Friday evening.

Following the reading and approval of the minutes of the previous meeting, Secretary Benford Deacon read a telegram from the Miami board of trade, stating that motorists arriving there complain that there is a very bad two-mile stretch of road beginning about 12 miles south of New Smyrna, in Volusia county. It was pointed out in the message that this locality is receiving some very unenviable publicity on account of the poor condition of the section of the road mentioned. The secretary was instructed to at once telegraph County Commissioner T. J. Murray, of New Smyrna and the secretary of the New Smyrna board of trade, and to write M. M. Bond, chairman of the county commissioners, advising them of the complaint. The Miami trade body has been writ-

FIERCE FIGHTS RAGING IN FLANDERS, ALSACE AND NORTHERN FRANCE

PARIS, JAN. 23.—FIGHTING IN THE NEW BATTLE IN FLANDERS HAS BECOME SO FIERCE THAT A GAIN OF EVEN A FEW YARDS IS REGARDED AS IMPORTANT. AN OFFICIAL COMMUNICATION RECEIVED THIS AFTERNOON EMPHASIZED THE GAIN OF 100 YARDS IN THE REGION OF LOMBAERTZYDE.

THE GERMANS HAVE TAKEN THE OFFENSIVE AGAINST THE TOWN OF BERRY-AU-BAC, AND ARE VIOLENTLY BOMBARDING THE FRENCH FROM THE NORTH BANK OF THE AISNE.

A GERMAN ATTACK NORTHEAST OF BEAUSOUR, WEST OF ARGONNE, WAS REPULSED. THE ENEMY WAS COMPLETELY CHECKED AT FONTAINE MADAME, AND A HOT CONFLICT IS RAGING NEAR STHUBERT.

SEVERE FIGHTING CONTINUES IN ALSACE. TERRIFIC COMBATS ARE IN PROGRESS NEAR HARTSMANNWEILER KOPF. NEAR CERNAY A GERMAN ATTACK WAS REPULSED, AND FURTHER SOUTH THE FRENCH ADVANCED TOWARD KAHLBERG.

TWO OF WILHELM'S AVIATORS KILLED.

HAVRE, Jan. 23.—Two German aviators who participated in an aerial rail on Dunkirk and vicinity were later killed near Furnes, when an aeroplane shot down six to ten taubes engaged in the raid. Several buildings used as barracks and ammunition stores were set afire.

SOUTHERN ROUTE BOOKS AT AUTOMOBILE CLUB HOUSE

Automobile owners will be interested in knowing that southern route books are now ready for free distribution and may be secured by applying to Charles Juskowitz, steward of the Florida East Coast Automobile association, at the club house at Daytona Beach.

PACIFIC COAST POLO AT RIVERSIDE, CAL.

RIVERSIDE, Cal., Jan. 22.—Entries for the Pacific coast polo games closed today. The trophy at stake is the Dupree Cup. The Hawaiian team took the cup in 1913. San Mateo took it last year and there will be sharp competition this year.

VICE-PRES. INGRAHAM OF F. E. C. WAS HERE

GREATLY IMPRESSED WITH VAST IMPROVEMENTS IN AND AROUND DAYTONA SINCE HIS LAST PREVIOUS VISIT.

J. E. Ingraham, 3rd vice president of the Florida East Coast Railway, in charge of the land development department of the system, was a Daytona visitor this week. Mr. Ingraham, found for the Okeechobee district where the F. E. C. is putting in a new branch line, motored from St. Augustine and after spending the night here, left late the following morning, expecting to reach Titusville. However, about 10 miles this side of that city, the car found hub-deep mud, and Ingraham and chauffeur were compelled to return to this city, later making the attempt to proceed farther south by way of Deland.

Mr. Ingraham has not visited "the prettiest winter resort in the world" for several seasons, and expressed himself as astounded at the marvelous growth this city has enjoyed since his last trip here, and expressed regret that he could not spend more time in this city before going south. While in this city, Mr. Ingraham made Schmidt's hotel his headquarters.

"A HARD JOB FOR MR. SATAN"

Written Especially for the Daily News
By DR. CHARLES FREDERIC GOSS
Author "Redemption of David Corson"

The rubicund face of the Winter Visitor was wreathed with a genial smile. Somebody asked him what the reason was. "You see," he said. "I was fishing on the pier and an old fellow, older than myself, even, came sauntering along, talking a moment with everybody whom he passed. At last, he came to me; I liked his looks and nodded. 'Howdy?' he inquired, and I told him 'fine.' In another minute, we were talking as friendly as if we had skated and swum together, in our boyhood.

"Out of active business?" I inquired.

"Ten years and more," he said.

"Don't your idleness bore you; don't you feel the need of work," I asked.

"Work," he answered, "work! Why, say, partner, when I first went out of business, I thought I had rather die than have to be idle; but now (and he crept up close and put his hand up to his mouth as if afraid of being overheard), and now, I think that I had rather die than have to go to work!"

We laughed and the Winter Visitor observed, "I reckon there are a lot of us old chaps that are getting that disease. But I don't know as it does much harm," he said, "for we are too used-up to be much damage; I reckon it would be rather a hard job for old Mr. Satan to find any serious

mischief for such idle hands as his and mine and, maybe, some of yours, to do!"

We shrugged our shoulders and looked a little uncomfortable, as we reflected upon our general inutility.

No one spoke, for a few minutes, and it was the Winter Visitor himself who reopened the subject, with some observations that roused a general interest.

The fact of the matter is, "he said," there isn't any more important problem before the nation than what we old fellows who have "made our pile" are going to do with ourselves, when we get out of business."

"That's so!" said someone, with a ring of sincerity and even of anxiety in his voice.

"What are we going to do?" another asked.

"I can't tell what we are going to do; but I know what we ought to do," he answered. "We ought to give ourselves to some form of public service. This country needs a large, unselfish class of men of leisure, more than a staggering vessel needs a pilot! Villages need them; cities need them; churches need them; charity organizations need them; everything and everybody needs them. When we get home, let's go to work at something for the public good."

That's a "ringer," exclaimed one of the old fellows who spent his time at pitching quoits.

YOUNG DAYTONA COUPLE WEDDED IN JACKSONVILLE

Miss Mae T. Bennett and John B. Nokes went from Daytona to Jacksonville and were married in that city Wednesday, in the Catholic parsonage. The bridal couple returned to this city Thursday and will make their home here. The bride is from the state of Maine and the groom, originally from Jacksonville, has resided in Daytona for a number of years and is well known here. He will be in the employ of the Gruber-Morris Hardware company.

The Letter of the Law.

Dorothy had been told that she should never use the expression "I bet," but should say "I think" or "I presume." One snowy day as she was standing at the window watching some boys who were coasting downhill, she turned to her grandmother, and, with the advice fresh in her mind, said: "Grandma, I presume ten cents those boys will toll and break their necks."

COUSIN LISA

By DONALD CHAMBERLIN

When I tell you that my name is Shovaloff you immediately picture a man with a heavy beard, shocky hair, large and thick set form. In other words, you fancy me to be a Russian. If you were to see me you would behold a rather small man with closely cut light hair and clean shaven face. Moreover I cannot speak a word of Russian. I can only speak English and American English at that, for I was born in the United States and

died unmarried, but the sister, a widow, still lived. She had but one child, a daughter, who jointly with me would inherit the farm. She was a very odd, though a very pretty, little damsel about seventeen years old. I could not talk with my aunt or my cousin because they spoke no English and I no Russian, but we found an interpreter who served our purpose fairly well.

There was no hotel in the place, and I was obliged to set up a dwelling of my own. This I did in a small house which had been vacated. A middle aged woman who spoke a little English consented to be my housekeeper and do my cooking. My aunt did not invite me to stay at her house. Why I knew not.

The business that brought me to Russia was very slow in working itself out, and the prospect of my getting away was not propitious. I had been in the village several weeks when one morning I was surprised by a visit from my Cousin Lisa. She came in, all blushes and with a shrinking manner. My housekeeper being present, I saw no impropriety in her coming, but I nevertheless wondered at it. Not being able to communicate with her more than to say good morning, I asked the housekeeper to inquire if there was anything I could do for my cousin. A few words passed between the two, and the housekeeper, with some embarrassment I thought, said that there was only one thing I could do for my cousin, but I had better find it out for myself.

I concluded that I had struck another of the strange customs of the country and that I might as well let it work itself out. Lisa assisted the housekeeper in the work, and I went out about the business concerning which I had come to Russia. I did not return till evening, expecting surely that my cousin had gone. What was my surprise to find her still there.

"How long," I asked my housekeeper, "is Lisa going to stay here?"

"Always, unless you turn her out."

"Turn her out!"

Clerk was instructed to notify clerk of Daytona that Seabreeze council wished to secure water meters and have them installed by the superintendent of Daytona Beach water works.

EFFORTS OF BOSTON ENGLISH OPERA CO. ELICIT WARM PRAISE

Concerning "Il Trovatore," which is
to be presented at the New Daytona
theater, next Monday night, by the
Boston-English Opera company, the
Tampa Tribune recently printed the
following:

It is, indeed, refreshing to hear a
great opera sung in words that you
can understand. Probably every per-
son in the audience had heard "Il
Trovatore" before, but their enjoy-
ment of it had been limited to the
music and to the costumes and scenic
effects. For the story that goes with
the opera, for the expressive pas-
sages, whether of passion, of joy or
of sorrow, they have to depend on
the synopsis printed on the program
or on unsatisfactory translations.

But it was different last night. The
Boston English Opera company, com-
posed of unquestioned artists, both in
voice and acting, gave us the Verdi
masterpiece in English, and we were
enabled to enjoy it to the fullest, to
find new beauties in it that were not
disclosed before. Incidentally, the
production emphasized the fact that
grand opera can be produced in this
country, by Americans, and in En-
glish, and that the time is not far
distant when we will cease to depend
entirely upon importations to satisfy
our taste for the classical in music.

The idea that we cannot have grand
opera lest it be furnished us by alien
artists at fabulous prices and in a
foreign language must necessarily
lose its traditional force as this coun-
try develops great singers and great
musicians. The company which ap-
peared at the Casino is doing much
to disabuse the American mind of the
fallacy of our absolute dependence
on the imported article. A man
doesn't have to bear an Italian name

to be a great opera singer. Tampa
heard one last night whose name is
simply and plainly Irish, and who is
American to the core—and the much-
advertised stars who cross the At-
lantic to draw their thousands of dol-
lars a week from American pockets
will find their occupation gone as we
develop singers like Joseph F.
Sheehan. Mr. Sheehan is a wonder-
ful "Manrico," with a voice of fervor,
power and sweetness, whose inter-
pretation need yield not point of supe-
riority to other artists in this role.

Mirth Carmen is the "Leonora" of
this company, and she won immediate
favor, not only by her voice, but her
personal magnetism. Her coloratura
soprano is one capable of ready
transition from the dramatic to the
plaintive and pathetic. She was very
effective in the tower scene. Elaine
de Sellem pleased all with her pre-
sentation of "Azucena," possessing a
marvelous contralto. Arthur Deane
is the best operatic baritone ever
heard here, and the role of the "Count
di Luna" gave him excellent opportu-
nity to demonstrate its superior
points. The chorus is worthy of
special mention, being in good voice
and of attractive appearance.

The opera is splendidly staged and
costumed, the settings thoroughly
harmonious and appropriate to the
story and time of the Verdi master-
piece. The enthusiasm shown by the
audience was significant, not alone
in its approval of the production and
of the company, but of the gratify-
ing fact that such an operatic achieve-
ment can be "made in America" by
our own artists and presented in our
own tongue.

Undecided.

We may well be astonished at the
death certificate recently submitted
by a native doctor at an inquest in
far-away India. "I think she died or
lost her life for want of food, or on
account of starvation and perhaps for
other things of her comfortables, and
most probably she died by drowning."

MANY INSANE ARE AT LARGE

Germans Are Accused of Shelling Bel-
gian Asylums and Freeing
the Patients.

Paris.—The insane asylum at Per-
ray-Vaucuse, which was emptied when
the Germans approached Paris, has
been filled with Belgian lunatics com-
pelled to leave Ypres under fire. The
insane persons were five days on the
road to Vaucuse, and a perilous jour-
ney it was for the physicians and
nurses in charge.

One of the most bizarre sights of the
war was the passing on the main line
to Bordeaux, during the height of the
early September crisis, of trainloads
of lunatics bound for asylums well out
of the danger zone. It is alleged that
the Germans bombarded some asylums
and loosed the patients upon the roads,
to run terrified before their fire.

Physicians report that the effect of
bombardment and the general excite-
ment of approaching or passing armies
on the insane is curiously varied.
Some go into violent crises, but many
are oblivious, even to shells. It is
thought that great numbers of lunatics
and criminals must be at large in
France as the result of hasty evacu-
ation of jails and asylums.

French Servant Earning Ten Cents
an Hour Gives \$50 to
Red Cross.

Paris.—A Paris woman servant of
the numerous class which works out
at ten cents an hour has given no
less a sum than \$50 for the French
wounded. Her employer had difficulty
in making her confess it. When she
did own up to it, she explained that
though the Red Cross agent had ad-
vised her strongly to keep her sav-
ings for a rainy day she had not
listened to his objections by showing certificates
for further savings of \$2,000.

Berlin.—While distributing gifts at

her identity, said: "You're a really
nice girl. When I get back from the
war I'm going to marry you."

IDEAL BALL GROUND WILL SOON BE READY FOR BROOKLYN CLUB

WONDERFUL CHANGES OF ONCE
RUGGED FIELD—\$7,000 BEING
SPENT ON BUILDINGS—FLAG
RAISING MARCH 2ND.

The baseball grounds which Michael Sholtz is having prepared for the Brooklyn National club's use when President Charles H. Ebbets brings that famous aggregation of athletes here for winter practice are being rapidly plowed, scraped, rolled and coaxed into superb condition. Really the transformation in the topographical appearance of that formerly rugged four acres of ground north of the Nautilus casino is amazing. Within the next fortnight or so one of the prettiest hard surfaced diamonds that ever delighted the eye of an American baseball enthusiast will be in ship-shape for the Suberbas to employ in whipping themselves into pennant-winning condition.

March 2nd is scheduled as flag-raising day, and Manager Leon Brooks is busying himself to make it a great event. Both Mr. and Mrs. Ebbets have generously volunteered to each present the Athletic association with a handsome flag for use on this occasion. More definite details concerning flag-raising day will be announced later.

A fact that will fill the hearts of local fans with joy is that the association proposes to aid in every possible manner in the development of one or more strong teams in Daytona, Daytona Beach and Seabreeze. To this feature President Ebbets will lend his cordial assistance, and numerous "classy" games may be expected here next spring and summer.

Perhaps the average citizen and winter visitor does not fully appreciate what is being done to provide an ideal ball park here, and will to some extent grasp the magnitude of the undertaking when told that the buildings alone involve the expenditure of over \$7,000.00. The grandstand and bleachers will be adequate for the comfortable seating of 2,500 people; the club house is to be equipped with all that go to make a first-class one; and a conveniently located park, adjoining the ball ground, will accommodate a large number of automobiles.

He Got Them.

"I want damages," shouted the bruised and battered citizen who had just been beaten up by his athletic rival. "I think," replied his friend and adviser, after a critical inspection, "that if you look in the glass you'll find you've got 'em."

Up to the Parson.

The parson on his way home one evening to his horrified surprise found one of his flock sitting against a stone wall, his face radiating o'ermuch cheer, and a frayed cigar clutched in his fingers. "Dear me, John, dear me," said the parson. "Whatever do you suppose will happen to you if you go on like this?" "Nothin', sir, if you (hic) don't tell 'er!"

Had Fido in Mind.

When little Margaret passed her plate the third time for chicken her mother said: "My dear, you must not eat so much chicken. I am afraid you'll be ill." "Well, mother," said Margaret, "I'm not eating this because I want it. I'm collecting the bones for Fido!"—Harper's Monthly.

City of Apartment Houses.

Dwelling houses are fast becoming only a memory in New York city. Few new ones are built every year, but hundreds are torn down to make room for business buildings or big apartments. Today the metropolis is a city of apartment houses.

Rare Book Changes Owners.

A copy of a very rare book the "Speculum Christiani," printed by William de Machlinia in 1483, was sold at Messrs. Hodgson's rooms in Chancery lane for \$300, a few days ago. Machlinia and Letton, his partner, were the first printers in London, and the former had his press in Holborn.

Saw Wasted Time Ahead.

My little boy was one day told to wash his face as it was very dirty. He said: "Where is it dirty?" I said, "Wash it all over and you'll be sure to get the dirty places." He said with a wall, "Yes, and I'll be sure to get some of the clean places, too."—Exchange.

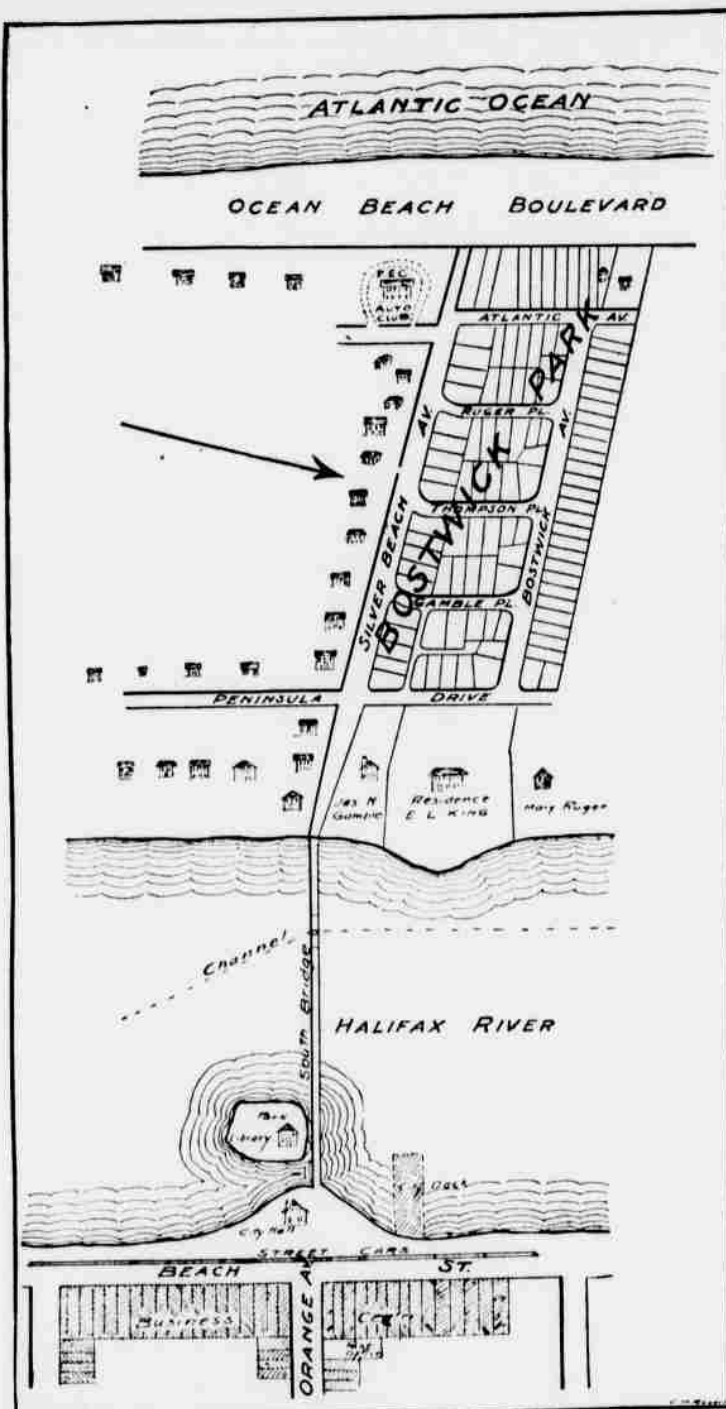

Means of Approach.

Though I am not a smoker, I like to carry matches in my pocket. One is always liable to be accosted on the street by some one in need of a light. To be able to give a match is a great luxury. It forms the basis for a momentary friendship.—S. M. Crothers, in the Atlantic.

Honor and Justice.

A man's vanity tells him what is honor, a man's conscience what is justice.—Landon.

INTERESTING FACTS— POLITICS AND POLITICIANS.

Washington reports says that both the Wilson and Clark presidential booms are developing for 1916.

After the close of the war, it is stated on high authority, that King Albert of Belgium will visit the United States.

Russia is still sending enormous masses of men to within easy reach of various points of her long fighting line.

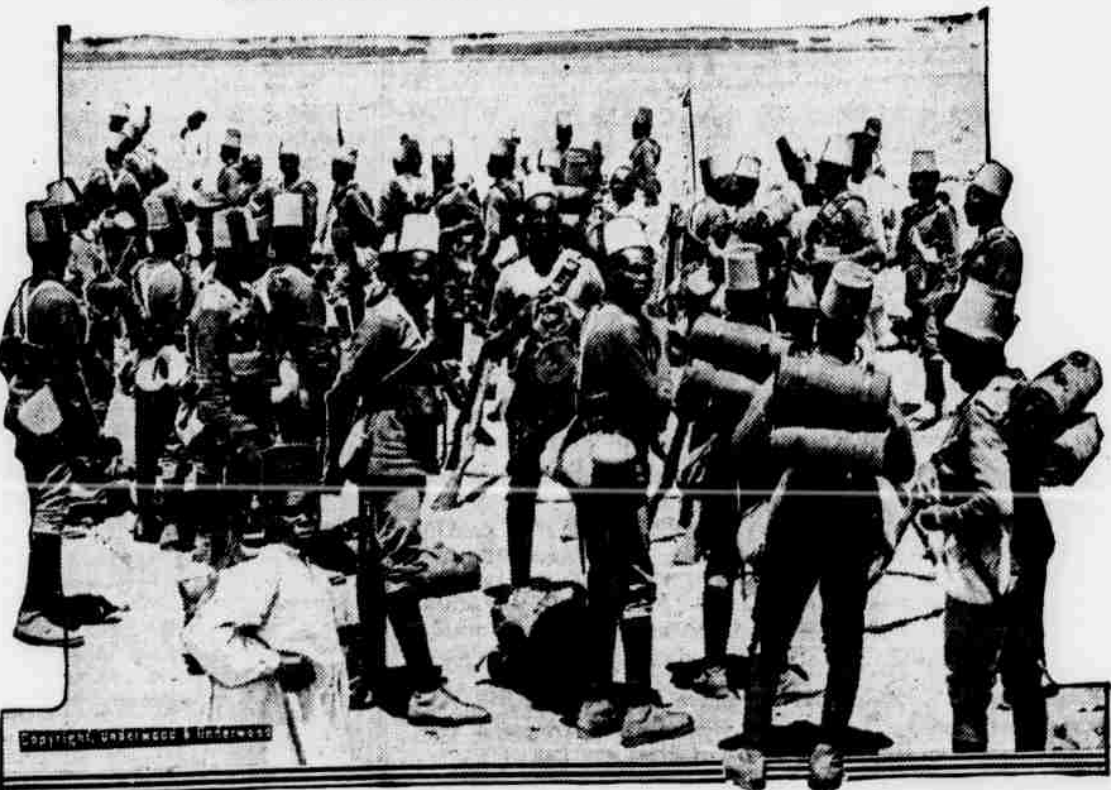

War was not such a costly undertaking 40 years ago as it is today. The Franco-American war, which lasted 150 days cost Germany \$450,000,000 for an average fighting force of 1,250,000. The Boer war, in which the English army averaged 300,000 and which lasted 30 months cost \$1,655,000,000. The war in Far East cost Japan \$800,000,000 and Russia 770,000,000, not counting lost ships.

The lack of stirring battles at the present stage is attributed by the British commentators largely to the determination of the allied commanders to content themselves with holding their present positions until the projected ring of arms is considered sufficiently strong to strike a blow which they hope will prove decisive.

BEAUTIFUL HOMESITE

H. H. Windsor, owner of Popular Me-
chanics Magazine purchased yesterday
from McCoy Brothers a tract of land
from river to ocean, known as the Mc-
Laren tract, and has wired his archi-
tect, Harvey Rich, to come at once
and prepare plans for a handsome
home to be built on the same. This
tract is located on Peninsula drive,
just south of Bostwick Park. McCoy
Brothers purchased the property only
three weeks ago and sold it at a profit
of several thousand dollars. A rapid
increase in the value of real estate in
the vicinity of the above properties is
certain, due to the thousands of dol-
lars being spent in development, and
the many handsome homes which will
be built in the near future.

The sale was made through the
Bingham & Thompson agency.

A Refugee

By EUNICE BLAKE

My sister Rose and I were both girls
of a keen sensibility. We were insepa-
rable, and often when together Rose
would mention something that I was
thinking about, or perhaps it was I
who would mention something that
Rose was thinking about. For a long
while we considered this thinking
about the same thing at the same time
simply due to coincidence, but at last
we came to wonder if it were not
thought transference.

When this solution was first suggest-
ed we both laughed at the idea, but af-
ter a few more very pointed coincidences
of the kind we believed it to be true.

Our first separation occurred in the
spring of the breaking out of the war
between the triple alliance and the
triple entente. Rose found an opportu-
nity to go abroad with a party of
friends, who took her along as their
guest. With much reluctance at leav-
ing me she accepted the invitation and
sailed when the annual summer begira
of Americans commenced. During the
month of July I, who needed rest in-
stead of the excitement of travel, went
into the country as far as I could get
from a railroad and where the only
newspaper was a weekly journal with
no news in it except what was of in-
terest to the surrounding farmers.

One night I dreamed that I was in a
foreign city. I say I dreamed it, for
my consciousness was more like a
dream than any other sensation. I
was in a hotel situated on a square. I
looked out through a window on the
square below, thronged with people all
in a state of intense excitement. Some
of them were throwing up their caps
and shouting, others were hurrying in
and out of the houses, while cab drivers
were guiding their horses or auto-
cars were endeavoring to get through
the crowds without running persons
down.

Then without being conscious of any
transition I was on a railway train.
Every town it passed through was
filled with soldiers, and everybody
seemed to be bent on doing something
in the least possible time. In the fields
women were gathering in the harvest,
not a man being there to help. Mules
were dragging great cannon along
roads, and locomotives were drawing
other munitions of war on platform
cars. Everybody and everything was
moving in the direction our train was
moving.

By and by we passed into another
country. There were long drawn
breaths of relief by my fellow pas-
sengers. We were in a valley on one
side of which loomed fortifications into
which soldiers were hurrying. There
were two lines of these works, and they
extended about a city, almost encircling
it. These two lines were so filled with
men that in the distance they looked
like myriads of insects.

Our train entered the city, and I, with
others, was hurried to another train.
Soon I was again flying across the
country. Now the people instead of
hurrying in the direction I was going
hurried in the other direction. Soldiers
were marching in great multitudes on
the road, and presently I saw some
bearing the English flag. There seemed
to be less worry on the part of all of
us, our only course of anxiety being
to catch a steamer, which was to sail
from a coast we were approaching.

The next phase of this sensation was
running through a fog on the ocean
without lights and without a sound to
indicate our presence. None of us
slept, and most of us were in the cabin
grouped in terror. Stewards were go-
ing from room to room stuffing pillows
against the portholes or hanging cur-
tains over them to conceal from with-
out every ray of light.

My dream, my vision or whatever it
may be called faded away. In the
morning I awoke feeling as if I had
been flayed. In dreams we never see
anything we have not seen while
awake. I had seen sights that were
absolutely new to me. I could not un-
derstand it. Naturally I connected it
with something that had happened to
Rose abroad.

So impressed with this was I that I
determined to go to the city. I was
driven twenty miles to a station. Along
the route the country people were pur-
suing their daily vocations, some of
them getting in hay, others moving
leisurely over the roads. When I ar-
rived at the station I saw a man
standing on the platform reading a
newspaper. I saw in big black letters
running across the page:

"The Belgians Still Hold the Ports at
Liege."

I asked him what it meant, and he
told me that all Europe had suddenly
burst into a war. I bought a
newspaper and read an announcement
of the arrival of a ship at New York
from Antwerp bringing American pas-
sengers from Europe, some of whom
had left Germany on the last train that
was allowed to come through. I won-
dered if Rose had not made her escape
from Munich, where she was when I
had last heard from her, and come out
on that train.

I reached home in the evening. As I
went up the steps the front door was
opened, and out rushed Rose, and
throwing her arms about me, she ex-
claimed:

"I have escaped; but, oh, what a bar-
rowing experience!"

When I told her of my dream, giving
her such impressions of scenes that
were vivid, she told me that I had gone
through in my dream what she had
gone through in reality.

Madam, here is the
PROOF of Goodness

Here's one cotton comfort that doesn't "pack down" after it's been in use a short while. It is called the "Maish."
We were curious to know why the

Maish Cotton Down Comfort

kept fluffy so long. We found that the filling in Maish Comforts is made of extra-long curled cotton of finest quality, but woven differently from any comfort we have ever seen—woven by a special process which absolutely prevents "packing," "bunching," and "lumping."

We found, too, that Maish Comforts were absolutely sanitary, made of the purest materials, under ideal conditions, and that they were twice as warm as any ordinary comfort of equal weight.

We believe these are just the sort of comforts you would like to put in your baby's crib, or on your children's bed, as well as your own.

And you are sure to like the pretty covers in a variety of pretty patterns in lovely art shades. Step into our bedding department some day and ask to see our assortment of Maish Comforts.

dious homes also attracted his attention. Property values, he called to mind, had doubled and trebled, and where palmetto scrub grew, when he lived here, now blossom thriving suburbs to the city.

Mr. Gibbons left on train No. 85 last evening to join Mrs. Gibbons in Havana. While his stay in Daytona was brief, he expressed himself as pleased with the opportunity, if only brief, to greet some of his many friends here.

Deaf Londoners.
London has over ninety thousand deaf residents.

GEO. H. FOOTE, JR., TODAY MARRIED IN JACKSONVILLE

Geo. H. Foote, Jr., and Miss Emma Cannons were quietly married in Jacksonville today. W. B. Shaw, of Daytona, acted as best man. Mr. Foote is the son of Geo. H. Foote, a prominent winter resident of Daytona, while the bride is the daughter of Mr. and Mrs. W. C. Cannons, of DeLand.

L. P. Hollander & Co., of New York, whose advertisement is now appearing in the Daily News, are located in the Thorp building, 260 South Beach street, where they will make an exhibition next week of women's and misses' dresses, coats and tailored suits.

MRS. MITCHELL RECEIVES.

Mrs. Henry Mitchell was hostess at a very delightful reception at her Daytona Beach home on Friday afternoon. The affair was arranged to enable her many friends to meet and renew acquaintance with Mrs. Mitchell's daughter, Mrs. Ennis, of Evanston, Ill. The beautiful living room, where Mrs. Mitchell and her daughter received, was tastefully decorated with many vases and bowls of roses and cut flowers, the mantel banked with pink roses and greenery. Miss Margaret Oliver was the dainty little door keeper and received arriving guests. Over 100 guests were present during the afternoon to enjoy the hospitality of this beautiful home.

It was a perfect day and the bright sunshine and wonderful scenic effects from the house overlooking the picturesque Halifax added to the setting of this enjoyable social event.

Assisting Mrs. Mitchell were Miss Congdon and Mrs. Sherman in the reception room. In the dining room Mrs. J. P. Esch poured tea at a table attractively laid with cluny lace and dainty silver and china. A bowl of yellow jessamine formed the decoration for the table. Delicious refreshments were served by Mrs. Elmer Oliver, Miss Lillian Thompson and Mrs. Alvire Milligan.

*The social side of life is an interesting one. Jesus demonstrated that side of His nature during His ministry. At The First Baptist church on Sunday evening you will hear of "The Sociability of Jesus" if you are present. Better follow the crowd and hear it.

ten a letter of thanks for its interest in the matter.

St. Johns county commissioner, L. I. Moody, to whom was recently addressed a protest relative to the bad condition of a portion of the highway south of St. Augustine, acknowledged receipt of the letter. Mr. Moody made it a point to retort that St. Johns is not the only county that is burdened with bad roads, and advised Daytona and Volusia county to "sweep before their own doors" before attempting to regulate other people's affairs. He, however, thanked the board of trade for reminding him of the unsatisfactory condition of the roads in his section, and promised to try to do something to remedy the situation.

suggested that Daytona employ gummed labels as a means of advertising the locality. The secretary was instructed to ascertain the cost of such a project.

The fact that a farmers' institute, with a lecture on hogs and hog cholera control by Dr. Babb, will take place here on February 1st, was mentioned. It was suggested that while cattle and hog raising has not yet attained to very great importance in this section, it is a growing industry. A committee, consisting of R. E. Stevens, G. H. Hulet and C. M. Rogers, was appointed to arrange certain of the details incident to the institute.

Lew Smith and R. E. Stevens were named as a committee to look after the board of trade's interests in an application to the municipal council for an appropriation of \$500, to assist in defraying the expense of issuing a booklet advertising Daytona and vicinity.

The following standing committees were appointed to serve during the current year:

Transportation—E. F. Oates, L. M. Walte, A. E. Donnelly.

Streets roads and bridges—R. E. Stevens, Lew Smith, R. L. Smith.

Sanitation—Joe Osborne, W. G. Nash, Geo. A. Main.

Membership—R. L. Smith, R. E. Stevens, C. M. Bingham.

Publicity and advertising—T. E. Fitzgerald, F. M. Rowe.

Arbitration—T. E. Fitzgerald, L. M. Walte, Michael Sholtz.

Commercial relations and rural industries—G. W. Nash, G. W. Hulet, D. D. Rogers.

Secretary Deacon stated that many members have not paid their annual dues, and that the board of trade is in need of funds. He will appreciate immediate remittance from all members in arrears.

L. E. Holmes, a resident of the Pine Tree state, has purchased, through the agency of Bingham & Thompson, one of the Chittenden houses, 242 North Ridgewood avenue, and is occupying it in company with his wife and child.

Is Less Expensive.

It does not take as much to feed a woman as a man, the scientists say, and the average woman does not spend as much for her clothes as the average man. When it comes to their pleasures the man spends many times as much as the woman, and altogether it seems that a woman is a less expensive creature than a man.

Cyclones of Peculiar Shape.

Executive Ability Defined.

Willie—"Paw, what is executive ability?" Paw—"That is something possessed by a man who has a position that enables him to find fault with the work done by the rest of the help, my son."

Higher Tasks.

We require higher tasks because we do not recognize the height of those we have. Trying to be kind and honest seems an affair too simple and too inconsequential for gentlemen of our heroic mold.—Stevenson.

To Clean Stove.

When cleaning a stove that has been splashed with fat from the frying pans the best plan is to take a piece of rag and dip it into the soft soot at the back of the stove, rubbing the greasy parts before applying the blacking. This improves the appearance of the stove, and you can polish it without difficulty.

NEWS OF THE HOTELS

B. Horn, of Dayton, Ohio, who registered at Schmidt's hotel yesterday, is a friend of Adam Schantz. Mr. Horn will pass the remainder of the winter at Schmidt's.

"Are you looking for a live church with gospel music, gospel preaching and a real welcome? What you want to do is go around to the First Baptist then.

Geo. Mesmann, who arrived at Schmidt's yesterday, from New York city, is connected in the business world in one of the lines with which we are accustomed to think of as romantic. Mr. Mesmann is the owner of a whalebone factory in New York. He and his wife will spend the winter at Schmidt's.

Keeping Glue in Condition.

The family bottle of glue generally becomes a great nuisance and of little use after it has been opened for a few days. It becomes hardened and impossible to use. It may be softened by heat or by adding a teaspoonful or more of vinegar to the bottle, and allowing it to stand for a few minutes. If the bottle can be kept in a warm place all of the time it will stay soft as long as there is any left.

Honesty Always Best.

Honesty in dealing with ourselves and one another has been one of the axioms since time began. We cannot afford to be otherwise. It is the best and only way. Being honest saves worry and fretting, it helps make character and it gives us joy in life to know that we have been honest when we might have been otherwise to our temporary gain.

Reform That Has Weight.

The only reform that really reforms is at work all the time, and that is the growing demand for better men and better women.—Tilden.

Carl Liebknecht, German Socialist, Sends Plea to British Sympathizers.

London.—Carl Liebknecht, the Socialist member of the German reichstag who attracted considerable attention to himself by being the only member of the reichstag who voted against a new war credit, has sent a message to British socialists, in which he calls upon the workers of the world to unite in a war against the war.

Mr. Liebknecht declares that the masses everywhere loathe this war, and he says that among German workers there is a much greater degree of opposition to it than generally has been supposed.

HIGHEST TYPE OF AMERICAN STATESMANSHIP NEEDED TO MINIMIZE EFFECTS OF GREAT WAR

(By Victor Elliott.)

WASHINGTON, Jan. 23.—With the deepening conviction that the European war is destined to be a long struggle, possibly overlapping 1916, with direct and vital effect upon political and economic conditions in the United States, has come an anxiety in Washington to obviate its influence in every way. It is now apparent to observers of affairs that most of the legislation passed at the outbreak of war was of a temporary nature, designed upon the assumption that the conflict would last a few months. Therefore it is inadequate. The war must be dealt with as in a sense, a permanent change in the state of mankind. Even if it is ended within a twelve month, its effects will not be eliminated from national relations for at least a generation to come.

It is this phase of the present situation which engages the study of officials and economists. The foreign trade of the United States—that keystone of American prosperity—is the huge stake we have in the war. Will it be increased or depressed following the conflict? Within five months of the outbreak of this great war of all conflicts American exports fell to the extent of \$365,000,000. More than \$100,000,000 of this amount has been lost to South America—that is, our exports to the Latin countries have fallen off to that amount. The balance has been lost mostly through the blockade of Germany and Austria-Hungary, and also because of the decreased purchasing power of Great Britain, France and Russia.

Economists speculate on whether this "decreased purchasing power" is to be a permanent condition. The wiping out of billions of capital in the war can mean but one thing, according to one school of economists—that Europe will be "on her

uppers" for years to come. The defeated group of powers will, of course, indemnify the victorious group to the limit, and throw the entire cost of the struggle upon the former. This practically will be sufficient to put the defeated nations on the financial "edge" for many years, and limit all those foreign purchases to bare necessities.

Another group of economists think differently. They point to the quick recovery of France after her disastrous defeat by Prussia in 1870; to the great industrial boom which took place in the United States after the Civil War; and to many other parallel instances in history.

They declare Austria bears the tragic reputation of never having won any important war she has waged in modern times. In spite of this monotonous succession of defeats, however, Austria remains one of the world powers and has wealth far beyond that which she is credited with having.

This is the doctrine of Norman Angell, the great economist, who declares war "the great illusion" so far as nations see gain an advancement from victory resulting from it. His teachings are quite generally accepted in Washington. Many officials say the war is a holocaust of national vanities and jealousies, but that victory will not confer any great benefit upon the nations that win the verdict of Fate, particularly when weighed against the irreparable loss of best brains and blood of the nation, and not in pounds or francs or marks.

Washington wants to know the future of American trade with Europe, the future cost of procuring capital from the great European money markets for the development of American industries, the future of the nation as regards the development of our navy and army. The

ship purchase bill may give us a merchant marine in some measure meeting the requirements of our foreign trade. The establishment of a new trade propaganda with South America may more than counterbalance the potential loss of European exports. New York may replace London as the financial center of the world, and the United States may be converted from a debtor to a creditor nation, with borrowers from all the continents. Europe will be too poor to pour any of its hoarded gold to enterprises outside of its own borders.

So far as statesmanship can bring about, the United States will be placed in the possible position to meet and to grasp the opportunities arising from the war. Also, it will be buttressed to withstand any of the shocks certain to be caused by the conflict. A prolonged period of poverty in Europe will create depression in the United States; depression of a type that will require the maximum energy, and American vigor, if it to be successfully combated. An early assurance that the war would soon be over, that the United States will be merely a neutral bystander in its sharing neither its sorrows or its paralysis of industry, has long since been dispelled by the cold facts now given in evidence.

CLARENDON BOWLING ALLEYS HAVE MANY PATRONS.

The bowling alleys at the Clarendon hotel are attracting many persons who indulge in the sport more for exercise than anything else. It is a fact that bowling brings into play certain muscles that do not receive the same amount of development in similar games, and for this reason bowling is considered an ideal form of exercise by many of the most noted physicians.

Dr. A. W. Waite, of Grand Rapids, Michigan, has of late made the bowling fraternity of the Clarendon sit up and take notice by rolling some sensational games. Mr. Waite's best score was 227 which is high game on the alleys this season, and is not far behind the record string. A. D. Worthington, of Hartford, Conn., is a bowling partner of Mr. Waite's, and he is likewise showing good form at the game.

Miss Lillian Johnson, a miss of twelve, with a score of 198 to her credit, continues to head the list of lady bowlers, having had but little to fear from any rival of her own sex.

AUTO TRUCKS LOADED WITH BAGGAGE AND SUPPLIES

A sure indication that the big fire-proof structure by the sea is beginning to get its share of the southern tourist business is the fact that almost every trip to Daytona made by the Clarendon auto trucks return loaded with baggage and supplies. From now on until the season closes the transportation of supplies alone will keep the drivers busy, to say nothing of the immense amount of baggage that will be carried daily between the railroad and the hotel, the latter having accommodations for nearly 400 guests.

YOU WILL ALWAYS FIND IT IN THE DAILY NEWS

GOLF PLAYERS ARE BUSY ON CLARENDON COURSE.

Since the weather cleared guests of the Clarendon have spent much of their leisure time out in the open, and as a matter of fact the golf links have had a little more than its share of patronage. Instructor Christie has been kept pretty busy with a number of beginners, who have shown a disposition to learn the game at all hazards.

Wm. Manley made his initial appearance on the links yesterday, defeating his opponent, J. Johnson, to the tune of one up. Mr. Manley made the nine holes in 39 strokes.

Thomas Harrison won a decided victory over his opponent, Jas. H. Looby, in yesterday's match game, which was by far the most exciting contest seen on the links this season. As this was the first of a series of games to be played between these two enthusiasts, there may be a different story to tell after the next game is played.

PEOPLE FROM MANY STATES GUESTS AT THE CLARENDON

As the season advances the register at the Clarendon shows a steady increase, including the names of many prominent persons from various states. Among the most notable seen about the lobby yesterday as having only recently arrived were Mr. and Mrs. John Dodge, of Lexington, Ky. A party from Palm Beach, consisting of Mr. and Mrs. Louis Ginsberg and Mr. and Mrs. J. Shapiro, stopped at the Clarendon last night and will be guests there for a short time. Mr. and Mrs. W. H. Pool, of Warrenton, Va., are also sojourning at the big Seabreeze hostelry for an indefinite period. Augustus Sauter, of Baltimore, Md., joined a party of friends today and will remain for some time.

HOW MANY TIMES HAVE YOU SAID

"IF I HAD ONLY BOUGHT LOTS OVER ON THE BEACH WHEN I FIRST CAME HERE I MIGHT HAVE BEEN RICH TODAY. I COULD HAVE BOUGHT ACRES FOR THE PRICE AT WHICH SINGLE LOTS ARE SELLING TODAY. ACREAGE CANNOT BE BOUGHT AT ANY PRICE. WHAT A FOOL I WAS." LET US POINT OUT A WAY FOR YOU TO GET IN AND MAKE UP.

DID YOU IMAGINE SUCH A THING AS A STREET CAR LINE TO THE BEACH FIVE YEARS AGO? PERHAPS YOU DID IMAGINE IT--IT IS A REALITY NOW. WOULD YOU HAVE BEGGED, BORROWED, OR ARRANGED IN SOME WAY TO GET HOLD OF ENOUGH MONEY TO BUY SOME BEACH PROPERTY, COULD YOU HAVE BEEN ASSURED THAT A CAR LINE WAS GOING TO BE BUILT TO YOUR PROPERTY? IF ANYONE COULD HAVE TOLD YOU POSITIVELY THAT THE CLARENDON HOTEL WAS GOING TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE DONE LIKEWISE, BOUGHT ALL THE PROPERTY POSSIBLE, ACCORDING TO YOUR MEANS? COULD ANYONE HAVE ASSURED YOU THAT THE NAUTILUS PROPERTY WAS TO BE IMPROVED AS IT IS TODAY--THAT A BASEBALL PARK WAS TO BE BUILT WHERE IT IS, WOULD YOU NOT HAVE BOUGHT ALL THE PROPERTY YOU COULD HAVE GOT HOLD OF?

THE STREET CAR LINE IS NOW BEING EXTENDED THROUGH OCEAN VIEW HEIGHTS, WHICH WILL PUT IT WITHIN TWELVE MINUTES' RIDE OF DOWNTOWN. COMPARE THE PRICES OF SEABREEZE LOTS WITH THE PRICES WE ARE ASKING FOR OCEAN VIEW HEIGHTS LOTS. WE ARE OFFERING THE OCEAN FRONT LOTS, WHICH ARE FIFTY BY THREE HUNDRED AND TWENTY-FOUR, AT SIX HUNDRED AND NINETY-FIVE DOLLARS EACH, WHILE THE INSIDE LOTS, FIFTY BY ONE HUN-

DRED AND FORTY, ARE OFFERED AT ONE HUNDRED AND SEVENTY DOLLARS EACH. A TWENTY-FIVE PER CENT PAYMENT IS ALL THAT IS REQUIRED DOWN, WITH EASY TERMS.

WERE WE TO PREDICT THAT WITHIN A FEW YEARS THE ENTIRE BEACH WILL HAVE A BOARD-WALK WITH AN OCEAN PIER, LARGE HOTELS, WHICH WILL COMPARE FAVORABLY WITH THOSE OF ATLANTIC CITY. THAT STREET CAR LINES WILL CONNECT WITH DELAND, NEW SMYRNA, SANFORD, ORLANDO AND OTHER INTERIOR POINTS, YOU WOULD CALL US DREAMERS, BUT WE ARE PREDICTING JUST THAT VERY THING. NOW THINK OF WHAT THIS WILL MEAN TO THE PROPERTY ON THE BEACH. NOW IS THE TIME, MR. READER, TO GET IN ON THE GROUND FLOOR WHILE THESE PRICES ARE REDICULOUSLY LOW, FOR WHEN ALL THESE THINGS SHALL HAVE TAKEN PLACE THE PRICES NATURALLY WILL BE WAY UP, AND YOU SHOULD BE THE ONE TO REAP THE BENEFIT, FOR ONCE IN YOUR LIFE PUT YOURSELF IN THE POSITION WHERE THE OTHER FELLOW WILL HAVE TO SAY, "YOU HAVE MADE A LOT OF MONEY ON LOTS WHICH YOU WERE FARSIGHTED ENOUGH TO PURCHASE WHEN THE PRICES WERE LOW."

IT'S NOT LUCK--IT IS JUST GOOD BUSINESS SENSE--TAKING ADVANTAGE OF AN OPPORTUNITY--AN OPPORTUNITY THAT DOES NOT COME EVERY DAY, AND YOU SHOULD NOT DELAY. IT WILL BE A PLEASURE TO DEMONSTRATE THE PROPERTY TO YOU, IF YOU WILL GIVE US THE OPPORTUNITY, AND TELL YOU OF THE CONTEMPLATED IMPROVEMENTS AND ANY FURTHER PARTICULARS THAT YOU MAY DESIRE. NOW IS THE TIME TO INVESTIGATE. OPPORTUNITY IS KNOCKING AT YOUR DOOR. DON'T PASS IT UP.

Impossible Illustration.
Examined on history at West Point, Whistler failed to recall the date of the battle of Buena Vista. "Suppose," said the exasperated instructor, "you were to go to dinner and the company began to talk of the Mexican war, and you, a West Point man, were asked the date of the battle; what would you do?" "Do?" was the reply. "Why, I should refuse to associate with people who could talk of such things at dinner!"

OF DAYTONA REALTY

MONEY HAS BEEN MADE IN THE INCREASE IN VALUE OF REAL ESTATE IN DAYTONA AND DAYTONA BEACH

Any resident of Daytona or Daytona Beach who has lived here for the past five years can tell at least two instances of a rapid increase in value of lots here. It was only a few years ago that nearly any lot on Daytona Beach could have been purchased for a few hundred dollars, and the same lots are today worth several thousands of dollars.

It is predicted that a new pace, and a lively one, will be set in real estate transactions when Bostwick Park, the new subdivision, is opened for sale Monday, January 25th. This beautiful property would have been built up years ago had it not been held off the market, and at least one part of the same could not be purchased at any price.

It would be impossible to conceive of a better location for high class homes than Bostwick Park. Favored first by natural beauty and lying between the Halifax river and the Atlantic ocean, those who locate their homes there will have the pleasures

of the salt water and the ocean beach and the fishing and boating on the river, at the same time being only a short walk from the business center of Daytona.

The property is being developed in a high class manner, all city improvements being guaranteed without extra assessments to the lot purchasers and include paved boulevards, five-foot concrete sidewalks, city water, gas, electric lights and telephones.

The property is restricted to residences costing at least \$2,000 for the lots on Bostwick avenue and at least \$5,000 for the lots facing the palatial residence of E. L. King.

The company will give away \$2,500 in gold to stimulate building and there is no question but that many new homes will be started upon this beautiful property before the winter is over.

Bostwick Park will be opened Monday, January 25th, with a tag sale, the price and terms will be on every lot, free automobiles will run to the property all day; valuable presents will be given away whether you buy land or not. Be there at the opening sale of this beautiful property

BASKET BALL TEAMS AT ARCADE FRIDAY NIGHT.

A rabid, wild-eyed, rooting mob of basket ball "fans" saw the teams of Daytona high school win a pair of battles at the Arcade Friday evening. The opening encounter between the fast Stetson academy team of DeLand, ended with the D. H. S. "varsity" on the long end of a 45 to 22 score, while in the second game the strong second team of the local school defeated Seabreeze high school 20 to 14.

The opening game with the Stetson academy was a nip and tuck affair through the first half, first one side holding the lead and then the other, the half finally ending with D. H. S. leading by the scant margin of 17 to 14. In the second half, however, both the offense and defense of D. H. S. strengthened and the locals rolled up the score, until the close of the game found them leading their opponents a trifle better than 2 to 1.

Gardiner, captain of D. H. S., led in the scoring for both teams with a total of 26 points. Each and every member of the team played stellar ball both individually and collectively, and it was clearly a case of superior team work which won for D. H. S. For Stetson, Miller at center, who scored 13 points for the academy boys, featured. The academy boys put up a gamey, clean fight, and their work on the whole was very good. Jennings, of Stetson university, who refereed, gave entire satisfaction to both teams.

Score—D. H. S., 45; Stetson, 22.

Summary—Field goals, Gardiner 12, Branch 6, Hawn 3, Miller 5, Gliden 2, Hone 1, Harkness 1. Goals from foul, Gardiner 2, Miller 3, Gliden 1. Referee, Jennings; umpire, Marks. Time of halves 20 minutes.

The second game was close and hard-fought throughout, neither side gaining any advantage in the first period, the initial half closing with the score 6 to 6. During the intermission, the second team held a private "confab" and the results of this little talk showed throughout the subsequent proceedings.

Raymond Green carried off the honor of scoring the most points in the second game, his caging of the sphere counting for 14 points. Ernest Green, at guard, played a strong game, keeping Bowen, the crack of the S. H. S. quintet from much scoring, in addition to securing a couple of splendid goals himself. Esch and Sullivan, who alternated at center, as well as Doty and Wetherell, played fine ball. Bowen, as usual, was a tower of strength in the S. H. S. lineup. Strother shot a couple of beautiful goals for the "Sand-crabs," and the defensive work of Force, Ward and McDonald was good.

Score—D. H. S., 20; S. H. S., 14.

Summary—Field goals, R. Green 3, E. Green 2, Wetherell 1, Strother 2, Bowen 1, McDonald 1. Foul goals, R. Green 3, Bowen 3, Ward 1. Referee, Jennings; umpire, Marks. Time of halves 20 minutes.

Tremendous Wind Velocity.

A cyclone is freakish, but its pranks enable scientists to rather certain facts about it. First of all, the velocity of the wind can be calculated to a certain extent. The whirling speed of the cyclone is tremendous. The average velocity within the vortex of 600 such storms was found to be 392 miles an hour, the minimum being 270 and the maximum 800.
